III: OTHER INFORMATION:

(a) Reasons for loss or inadequate profits: Towards the second half of the financial year 2022-23, the prices of some critical raw materials required for manufacture of coated fabrics became highly volatile. When these prices ultimately settled, market forces demanded that the company reduces prices of coated fabrics (finished goods), although it had purchased raw material at higher cost. This resulted in erosion of some profits. Yet, during the year under report, the Company earned a profit of Rs. 3172.35 lakh as calculated under Section 197 of the Companies Act, 2013. The whole time directors were paid a remuneration of Rs. 399.18 lakh during that year, which works out to 12.58% of the profit. Since it exceeds 10%, it has been termed as inadequacy of profit. In order to ensure continuity and sense of belongingness, which is the crux of the Remuneration Policy recommended by the Nominations & Remuneration Committee and adopted by the Board, the Company makes appointment of functional heads at director level. Due to this reason only, their remuneration falls within the definition of managerial remuneration and inadequacy of profit. Had these functional heads been non-directors and paid at the same level of remuneration, then it would not have been a case of 'inadequacy of profit' at the same level of profit.

(b) Steps taken or proposed to be taken for improvement: During the financial year 2023-24, cheaper raw material are expected to continue to be available to the Company. Moreover, the Company has entered into royalty-based technical collaboration agreement with a foreign company for manufacture of high-end PU resins and PU Tapes for fastener and seam tape application. When full potential of these products is exploited, it is expected to make a significant addition to profits of the Company in the years to come. Additionally, the Company is gradually carrying out new product development and innovations. All these measures are expected to enable the Company to produce quality products at higher speed, low cost and higher profit margin.

(c) Expected increase in productivity and profits in measurable terms: It is expected that with the appropriate product mix, reduction in raw material prices, sale of high-end PU resins and PU tapes, the operating profit before tax of the Company will increase by about Rs 500 lakh in the financial year 2023-24.

*IV: Disclosures: As required by law, all elements of remuneration package (i.e. monetary and non-monetary benefits, as referred to in the proposed Resolutions) such as fixed component, performance linked incentives and other benefits along with performance criteria, notice period, severance fee, etc are given in the Board of Directors' Report under the heading "Corporate Governance" which forms an integral part of this Explanatory Statement.

The Board of Directors recommends the resolutions set out at item no. 3 and 4 in relation to the appointment/re-appointment and payment of remuneration to the aforesaid persons for approval of the shareholders of the Company as special resolutions.
